- Tools & Technologies: Mention the tools and technologies that will be used.
- Milestones & Deadlines: Define key project milestones with their respective deadlines
- **KPIs (Key Performance Indicators):** Please specify the key metrics for measuring the success of your project based on the following aspects.

  1. Data Quality
     - o Percentage of missing values handled ..... %
     - o Data accuracy after preprocessing..... %
     - o Dataset diversity (representation of different categories):.....%
  2. Model Performance
     - o Model accuracy (Accuracy/F1-Score)..... %
     - o Model prediction speed (Latency):..... milliseconds
     - o Error rate (False Positive/False Negative Rate) ..... %
  3. Deployment & Scalability
     - o API uptime: .....%
     - o Response time per request..... milliseconds
     - o (If applicable) Real-time processing speed (e.g., FPS for video models): ……
  4. Business Impact & Practical Use
     - o Reduction in manual effort..... %
     - o Expected cost savings .....%
     - o User satisfaction.....%

Thank you for your efforts. Best of luck!
